

A 4-barge tow carries the equivalent of 538.4 semi-trucks worth of cargo: 14,000 tons

Port of Lewiston—Idaho’s Seaport

The Port of Lewiston is the most inland seaport on the West Coast, located 465 river miles from the ocean. It is strategically located to link the Inland Northwest to global trade markets by connecting to the Columbia Snake River System, part of American’s Marine High-way Corridors. The waterway is managed by the U.S. Army Corps of Engineers.

The Port is a publicly owned economic development organization serving Nez Perce County and beyond. Aside from facilitating intermodal transportation and international trade, the Port develops industrial and business parks, installs needed infrastructure, operates a business incubator program and provides community grants for economic development purposes. Job creation is the primary goal of activities and investments. It serves as a hub for intermodal transportation, with immediate access to river, road and rail routes and a nearby airport.

Port Facilities include a 275-linear ft. dock and 250-ton crane to accommodate heavy pick and roll-on/roll-off cargos. Indoor and outdoor storage is also available onsite. The Port of Lewiston can be contacted at (208) 743- 3209 to learn more about how specific cargos can be accommodated, or visit their website at www.portoflewiston.com

Port of Clarkston

The Port of Clarkston offers opportunities for warehousing and distribution in north Clarkston. It also provides infrastructure for high tech companies, the medical sector, the manufacturing sector and more. Opportunities are still available, so we welcome calls from businesses. The Port of Clarkston “facilitates sustainable growth” by providing infrastructure on land and in-water in Asotin County.

The Port of Clarkston is open to a wide range of partnerships in working toward its goal of creating jobs. Whether your business need relates to the emerging grape growing/wine-making industry or other more traditional sectors, Port of Clarkston staff is happy to discuss how we can help you achieve your goals. More information can be found on their site, www.portofclarkston.com

Port of Wilma

The Port of Wilma is the largest and busiest of the Port of Whitman County’s on-water port sites. Located directly across the Snake River from historic Lewiston, ID, and Clarkston, WA, the Port of Wilma reached full capacity in 2016.

It’s present tenants include a general cargo firm, two agricultural support companies, a lumber milling and manufacturing company, a wood chip processor and shipper, a concrete block manufacturer, two propane distribution and storage companies, a wood recycling company, a tree service company, a self-contained waste processing facility, a helicopter business, a boat manufacturing company, and grain shipment and storage company.
